

Training & Placement Cell

Report - One day workshop session for all specialization B.Voc & M.Voc. students in Karampura Campus.

Training & Placement Cell organized a one-day workshop for all specialization B.Voc & M.Voc. students in Karampura Campus on 19.04.2023 to facilitate them in better way to enhance their employability & skills.

In this session, Mr. Sachit Sharma, AR (T&P) discussed on four topics to interact with students mentioned below: -

- i. Introduction of students through team building activity.**
- ii. Identifying personality of students through Psychometric Test.**
- iii. Opportunities associated with T&P Cell**
- iv. About the TCS (Youth Employability Program) Opportunity.**

During the two hour session, various opportunities associated within T&P Cell have been shared and students asked to follow LinkedIn page: <https://www.linkedin.com/in/aud-training-and-placement-cell-04b2321a4> and to the email received from T&P Cell for latest updates. During the session, all students have been divided in small groups and a team building exercise has been played to enhance their presentation and communication skills. Students are encouraged to work with T&P Cell to promote their courses in various social media platforms so that maximum organizations contact us for internship, Training & Placements and placements.

In this session, Prof. Sitansu S. Jena, Dean, SVS, and other faculties of SVS were also present for their generous support. Total of 50 students were present in the session. Students have also been encouraged to write or share any information related to training & placement on placements@aud.ac.in. At last feedback have been collected from the students to improve future sessions by T&P Cell.
